

Updated April 2020

Furniture and Furnishings Quality Partnership Council (QPC)

Industry Board Members

- The following QPC board members represent GSA's Furniture and Furnishing Schedules.
- The QPC appoints new industry board members every two years.
- QPC industry board members remain in their positions for a four-year period. This ensures a consistent level of board experience and expertise for each Schedule.
- At the end of each calendar year, GSA board members review each industry member's performance to ensure contributions remain consistent with the QPC Charter. If contributions are lacking, the council will suggest improvements. Additionally, if an industry board member can no longer serve, he can relinquish his position.
- Vacant positions can remain vacant until an upcoming election or a replacement can be made by appointing a candidate from the most recent election.

FURNITURE

Michelle Warren
